

February 2019

## **President's Report**

By Karl Yrjanainen, P.E., CPD, FASPE, LEED AP BD+C

I have the new ASPE 2019-2020 membership pins to distribute to members. So make sure to come out to one of our next meetings and come see me for your pin.

We seem to continue to get a new member each month which is great. I do want to thank them for joining and we are willing to hear about what they would like to see us have available for them.

The Plumbing Engineering Design Handbook Volume 2 is available as you renew your membership. You can choose to get a paperback book, a CD or download it from the ASPE website. To reference or download any chapter or the whole handbook you have to be logged in to the ASPE site and under the Membership tab, click the Members Only tab and you will see a list of items. Under the Exclusive Member Benefits you will see a link to ASPE Plumbing Engineering Design Handbook, Volumes 1-4.

ASPE sent out an email looking for volunteer members to edit the Volume 3 Handbook chapters. If you are interested make sure to reply to the email from Gretchen Pienta by February 11<sup>th</sup>. The deadline to return the edited Chapters is March 25<sup>th</sup>.

If you have an interest in being on the board please let me or any other board member know. Our elections are in May and we will be looking for people to participate on the board.

Our meetings are a good place to network with others and learn what is going on in the industry as far as work, projects, products, standards and codes. My thanks to the members who have attended our meetings in the past, I hope you all will attend our meetings this upcoming year.
